Here is a super pro talk smaller talk studio with some neat features. Designed for one or maybe two guests at a time, we started with Graham-Studios "Radio Desk". Everyone sounds great on the super quality RODE Microphones. This studio features the ARRAKIS ARC10UP audio console, with two microphones a built in mix minus channel plus, a USB channel for a laptop. Each guest also has a headphone plug in. Don't worry about what that caller just said, because a Eventide Digital Delay is included in the package. It all comes as a pre-wired kit that virtually anyone can install. Furniture custom sized or scaled to room size at no extra charge. Everything is pre-wired at EBS creating our famous "plug and play" studio system. No broadcast engineers are required to re-assemble this studio.
