1	JK Audio Innkeeper Two Line Hybrid	2	Units Sound Foam (Wall Treatment) choice of color (blue standard)

Here is a super pro RECORDING studio that looks as good as it sounds. There's plenty of versatility in this studio design. By limiting the mic booms on the tabletop and adding instead two floor stand microphones, we open up the idea of recording local musicians. Similar to the ON AIR Version, this studio includes a rack mounted SD/USB Recorder. Bring in the audio on a SD card and edit audio on your NCH Software editing computer. Rip/Edit/Mix/Burn, the NCH Suite will make you the *Master of the Audio Realm*. It all comes as a pre-wired kit that virtually anyone can install. We can customize this studio to suite your needs. [Choose other furniture from www.Graham-Studios.com](#). Furniture can be custom sized or scaled to room size at no extra charge. Everything is pre-wired at EBS, creating our famous "plug and play" studio system. **No broadcast engineers are required to re-assemble this studio.**

PRICED AT \$34,975.00 SHIPPING EXTRA
