

Designed for the station that is “kickin' it” old school and using talent LIVE on the air all day long. Don't worry, a complete automation system is included for those days when the talent can't be there. In fact, with SpartaMation Automation, your station can sound LIVE when no one is in the building.

Graham Studios Radius Curve Desk

[This is a complete, Pre-Wired Radio Studio Kit.](#)
 How do we do it? We start with Graham-Studios Broadcast Furniture, in this case the very popular Radius Curve Desk. We install all of the components listed as well as that Radio Systems RS12 Millenium Console. What you end up with is a super functional, very pro and impressive ON AIR Control Room.

Graham Studios Desk Top Equipment Pod

The Rock Around The Clock Studio Includes The Following Items

1	Radio Systems RS-12 Audio Console	1	Graham Studios “Radius Curve Desk” w/ Pod
2	Stanton CD Decks	3	Heil Microphone Boom Arms & Desk Mounts
1	SpartaMation Automation System	3	Koss or Sennheiser Headphones
4	RODE Procaster Studio Mics	1	JK Audio Innkeeper 1RX Phone Hybrid
1	Rolls RA62C Six Channel Headphone Amplifier	1	Rolls Power Amplifier
1	360 Systems Instant Replay II	1	BOSE Desktop Studio Monitor Speakers
1	ON AIR Light & Console Interface	1	Unit of Acoustic Foam (Blue Color is Standard)

Your talent will love the **Rock Around the Clock Live Studio Kit**. CD decks start remote from the console. Answer phone calls through the console on or off the air. Sound effects or any custom recorded audio is available now from the 360 Systems *Instant Replay*. All wires & connections are supplied with shrink wrap labels for easy installation, making this a truly easy, plug and play studio kit. Sound deadening acoustic foam is included in the kit. Please specify if you want a color other than blue. Our engineers pre-set all levels and triple test every function before shipping.
